August 28-29, 2020

ABOUT THE COURSE

Gerety Orthodontic Seminars is returning to Dallas! We are excited to announce that all our upcoming classroom courses will be in Dallas, and this year's Annual Symposium will kick it all off! In 1976, Big Bob chose Dallas to begin his first comprehensive course and the Dallas course was the anchor to his program until he retired in 2009. After a decade away, we are looking forward to getting back to where it all began. This year we will focus on "SEEING" the cases you are treating with 20/20 Vision and understanding the mechanics that are needed to finish the case. The 2020 Annual Symposium is guaranteed to be a tremendous learning experience for all, whether you are a new Gerety student, an experienced GOS graduate, or a dental professional seeking to find out more about us.

In order to fine tune and precisely detail orthodontic cases we must be willing to spend a little extra time, closely examine minute details, and thoroughly understand the system of case finishing mechanics: 6 Keys to Optimal Occlusion. I have asked each of our instructors to make a list of each detail they consider when finishing a case. We will share those with you as we present cases that were finished by each of our instructors as they teach you to "SEE" what they are looking for in a finished case. This 2 day program will focus on mechanics from beginning to finishing procedures, as well as using the proper tools to best resolve the issues in the most effective manner.

While maintaining the Gerety philosophy and mechanics, we will explore and expose developments in appliances, materials, and products as they pertain to some of our more advanced or complicated cases. Definite advantages and disadvantages have been encountered over the years and we will present these mechanics and define our guidelines for determining when one appliance may be indicated or preferred over another. This course is structured for the doctor that is currently practicing the Straight-Wire technique, has a clear understanding of mechanics and desires an update in terms of current trends and techniques in orthodontics. Our emphasis will be given to case finishing.

LEARNING OBJECTIVES

- Big Bob's 7 Keys to Case Finishing Excellence
- Earlier Early Treatment
- Intercepting the Cause in Order to Prevent Many Malocclusions
- Understanding More About Function and Form
- Impact of Airway and Nasal Breathing on Your Patient's Health and Lives

ROBERT GERETY CASE OF THE YEAR AWARD & THE FIRST PRESENTATION OF OUR LIFETIME ACHIEVEMENT AWARD

We invite each of our participants to bring an exemplary case from their own practice to present at the meeting. Each case that is presented will be evaluated by our judges, and one winner will be awarded the Robert Gerety Case of the Year. The winner will be presented with an engraved award as well as a lifetime membership to our website and 10 cases of brackets. What a great promotion it will be for you to show off this beautiful award in your office!

Please choose your case carefully and bring to class with you the following required hard copy records:

- Before and after of: panorex, ceph and ceph tracing, models, and pictures
- Patient history, ID and pertinent treatment information

We are looking forward to you sharing your success story with us!

THE INSTRUCTORS

Kay C. Gerety — Kay is the Director of Education at Gerety Orthodontic Seminars and is the lead instructor of our classroom courses and our online program. As a CDA, Kay worked alongside Dr Gerety in their dental practice, and for 30 years she assisted him in presenting their Comprehensive Orthodontic program. She developed and taught her own clinical program for dental assistants and has lectured extensively on office managerial topics including Orthodontic Integration and Profitability, Practice Management and Marketing, and Effective Staff Utilization. A highly enthusiastic presenter, Kay is motivating and knowledgeable, encouraging you and your staff to return to your practice with a renewed excitement and enthusiasm for dentistry.

Dr. Debra Ettle-Resnick — Deb earned her Dental Assisting degree before graduating from the University of Minnesota with her DDS degree. In 1992, she started five private practices in northwestern MN and began incorporating Straight-Wire Orthodontics into her practices in 1994. Deb is a current member of Omicron Kappa Upsilon dental honor society. In 2004, she was awarded her Diplomat status by the AOS, and she has served on their Board of Examiners. She is a multiple recipient of the Robert G. Gerety Case of the Year Award, which is presented as recognition for the highest level of clinical achievement in orthodontics. We are honored to have Deb join our Comprehensive Course team as a Senior Instructor this year in Dallas.

Dr. Michael Auld — Michael graduated Magna Cum Laude from Oklahoma Baptist University in 2005, and is a 2009 graduate of the University of Oklahoma College of Dentistry where he graduated with distinction. Michael joined his uncle's dental practice in McAlester, OK where he practices family dentistry. Michael took our Tulsa Comprehensive Ortho course in 2011 and immediately incorporated the Gerety Straight Wire techniques into his practice, completing hundreds of cases using the Gerety methods. Michael has returned to our class each year and has been an invaluable mentor to our first year students, and a contributor to our online forum. We welcomed him to our team as an Associate Instructor in 2017.

Dr. Damon Huffman — Damon graduated from the University of Texas Dental School at Houston in 1994. In 1995 he took Dr. Gerety's Comprehensive Orthodontic course in order to incorporate ortho into his busy family practice. In 20 years Dr. Huffman has completed over 700 orthodontic cases following Dr. Gerety's techniques. He has been an active member of the AOS and the AGD. Damon received his Fellowship in the AOS in 2011, his Fellowship in the AGD in 2013, and his Diplomate from the AOS in 2015. In 2014 he was named Forum Master of the Gerety Orthodontic Seminars website and is currently an Associate Instructor for the Gerety Comprehensive Orthodontic Program in Dallas.

Dr. Joseph Schmidbauer — Joe is a member of our classroom teaching team for the Comprehensive Orthodontic Education program in Dallas and is a presenter in our annual Symposium. Joe joined the Gerety Comprehensive Orthodontic Education course in 1990, incorporating orthodontics into his practice and continuing to build that practice component utilizing the Gerety non-extraction straight wire philosophy for 29 years. His vast experience includes completing over 2,000 orthodontic cases. Since 2010, Joe has taught the philosophy and mechanics of Dr. Robert G. Gerety in the classroom in Atlanta, Nashville, Tulsa and currently with the team in Dallas. Joe graduated from Ohio State University College of Dentistry in 1979 and has maintained a private general practice in Oregon, OH for over 32 years.
